

Apprentice Machinist

Are you an enthusiastic team player that enjoys varied activities, has a high sense of urgency and possesses good follow up skills to ensure the job is done right? Do you pride yourself in the ability to interact with co-workers in a positive manner and have the self-determination necessary to create quality and precision products?

Then we have an outstanding position available for you with complete training and advancement possibilities in our small but established organization.

Donmac manufactures intricate, custom, machined components and assemblies.

Our workplace values trust, people and personal contribution.

We are currently seeking people that are:

- willing to master the art of producing intricate metal components using state of the art mechanical and/or machining technology
- willing to learn detailed, hands-on, mechanical skills
- interested in a long term career commitment
- able to think visually to define, analyze and solve problems
- capable of applying basic math and science knowledge
- problem solvers with good people skills
team oriented

We offer a variety of challenging work in a job shop environment.

Junior and Senior career positions available.

Apply by emailing your resume to hr@donmac.net

Please indicate on your resume how you found our ad, Indeed, Monster, Canada Job Bank, etc.

Once we receive your email, you will receive an emailed assessment shortly after.

If email is not available, contact Joan at 613-969-0338.

Donmac Precision Machining Inc.
714 Ashley Street, Foxboro, Ontario, K0K 2B0
